Bayaud Enterprises Named New Mile High United Way Partner

Mile High United Way has recently named Bayaud Enterprises as one of its new investment partners! As of July 1, 2010, there will be 112 agencies that will be working in partnership with Mile High United Way to improve our community.

Mile High United Way has recently decided upon three impact areas that are

most relevant to our community: school readiness, youth success, and adult self-sufficiency. Bayaud Enterprises will be joining efforts to work under the adult self-sufficiency impact area.

With this partnership, Bayaud Enterprises will be continuing its efforts with the Denver's Road Home program to end homelessness, as well as increas-

ing job and resource services. Bayaud Enterprises is incredibly proud and honored to be joining such a prestigious organization, as well as the other 111 agencies to help build a better community for us all.
